

Until Us: Until Series Book 2

This book is not for younger readers due to mature content. This book is part of a series but can be read as a stand alone. No Cliffhangers. In the last year, Katie Larsons life changed dramatically. She left home for college, met the father she had never known and fell in love with Mr. Wonderful. Its the changes she never saw coming that will make this year the hardest of her life. She will be forced to discover the inner strength she didnt know she had and will find out Mr. Wonderful isnt Mr. Right. Tyler Marshall has always been the nice guy; always the friend never the boyfriend. Hes close to his loving family, has good friends and loves his job. He was content with his life until she needed him. Now he would love nothing more than to be an Us.

Cuando éstos pertenecían a la nobleza, era aún mayor el empeño por conservar esa condición de nobles hidalgos, y acreditarla debidamente mediante documentos, que la justificaran, para así transmitirlo a sus descendientes.
