

## Burn Rate: How I Survived the Gold Rush Years on the Internet

Michael Wolff's wickedly funny chronicle of his rags-to-riches-to-rags adventure as a fledgling Internet entrepreneur exposes an industry powered by hype, celebrity, and billions of investment dollars -- and notably devoid of profit-making enterprises. As he describes his efforts to control his company's burn rate -- the amount of money the company consumes in excess of its income -- Wolff offers a no-holds-barred portrait of unaccountable successes and major disasters, including the story behind Wired magazine and its fanatical founder, Louis Rossetto; the rise of America Online, perhaps the most dysfunctional successful company in history, and the humiliating inability of people such as Bill Gates to untangle the intricacies of the Web.

Puig Aula 3 Aula Hontanar AGEA Valencia La "Anunciación" a San José Por Juan María Silvela Milans del Bosch Hay dos personajes del Nuevo Testamento que en mis lecturas de exégesis nunca he llegado a entender del todo; son San Juan Bautista y San José. Sobre el primero de ellos, un libro, titulado: Los esenios, Qumrán, Juan Bautista y Jesús de Hartmut Stegemann (1), me aclaró bastante el personaje, pero me quedan varias dudas sobre el mismo. Continuar leyendo Presentación de AGEA VALENCIA Hoja de Presentación de AGEA VALENCIA LA MENTALIDAD HIDALGA EN INDIAS Los españoles emigrados a América tenían un extraordinario interés en mantener las tradiciones y costumbres heredadas de sus antepasados. Cuando éstos pertenecían a la nobleza, era aún mayor el empeño por conservar esa condición de nobles hidalgos, y acreditarla debidamente mediante documentos, que la justificaran, para así transmitirlo a sus descendientes.
