

## Wreck This Journal (4 Volume Set)

With this bundle, collect all four editions of Keri Smith's *Wreck This Journal*, including the classic black, as well as three special limited edition covers: duct-tape, red mesh, and paper bag. In these updated editions, *Wreck This Journal* asks readers to muster up their best mistake and mess-making abilities and to fill the pages of the book (or destroy them). Through a series of creatively and quirkily illustrated prompts, acclaimed artist Keri Smith encourages journalers to engage in destructive acts--poking holes through pages, adding photos and defacing them, painting pages with coffee, coloring outside the lines, and more--in order to experience the true creative process. With Smith's unique sensibility, readers are introduced to a new way of art and journal making, discovering novel ways to escape the fear of the blank page and fully engage in the creative process..

Sobre el primero de ellos, un libro, titulado: Los esenios, Qumrán, Juan Bautista y Jesús de Hartmut Stegemann (1), me aclaró bastante el personaje, pero me quedan varias dudas sobre el mismo. Cuando éstos pertenecían a la nobleza, era aún mayor el empeño por conservar esa condición de nobles hidalgos, y acreditarla debidamente mediante documentos, que la justificaran, para así transmitirlo a sus descendientes.
