

## Muhammad The Merciful

The Prophet Muhammad (peace be upon him) is the focus of love and devotion for one fifth of humanity. Even outsiders cannot deny his political genius and great statesmanship as the founder of a new world order and the stimulus for a succession of brilliant and progressive civilisations. But a study of his life in these terms overlooks arguably his most essential qualities - his mercy and benevolence. Internationally renowned Islamic scholar, Dr Muhammad Tahir-ul-Qadri has produced a work unrivalled in its comprehensive treatment of the subject matter, illustrating the merciful character of the Prophet (S) in all its aspects, towards humans and more generally towards all beings. Dr Tahir-ul-Qadri has reproduced a solid corpus of references from the Quran, along with reliable Hadith, specially selected for authenticity and relevance. All sources are meticulously referenced in Dr Tahir-ul-Qadri's characteristic style. This book shows how in spite of immense hardships and painful ordeals, the mercy and compassion of the Prophet (S) remained to the fore, even towards those who opposed and persecuted him. For Muslims, this book will be a means to celebrate the magnanimous personality of the Prophet (s) and an incentive to instil the great qualities of the Prophet (s) in their own lives, while non-Muslims and academics will discover how these qualities as described in the Islamic literature have caused the Prophet(S) to occupy his preeminent position in the religious consciousness of Muslims.

Sobre el primero de ellos, un libro, titulado: Los esenios, Qumrãn, Juan Bautista y Jesãºs de Hartmut Stegemann (1), me aclarã³ bastante el personaje, pero me quedan varias dudas sobre el mismo.
