

Osiris: Time Travel Romance (New Atlantis Time Travel Romance Book 12)

The Award-Winning Time Travel Romantic Adventure continues..... in Ancient Egypt Ta-khara, princess, priestess and healer, dreamed of the god Osiris. Such a dream makes her an unwitting threat to the power of her father, the Pharaoh. When a man looking just like her Dream Osiris appears out of nowhere to save her life, she believes the god has incarnated to claim her as his wife. Daniel Stillwater is an anomaly in New Atlantis. He has a disease that's killing him. And he's running out of time. His only hope of a cure is to be found in an, as yet, undiscovered cache of the Divided Knowledge of Atlantis. So, despite being a reclusive, theoretical mathematician with poor people skills, he joins the time-travel mission to Ancient Egypt. But when he's separated from his team and tossed back in time to save the life of an Egyptian princess, it becomes apparent that something more than simply an unprecedented glitch in the portal is at work. And the longer Dan remains with the lovely healer, the more he comes to realize that she is his Key. And the only chance of survival for either of them lies in his future utopian world. The trouble is Dan has no way to get her there, because his people don't know when and where he is.??? What people say about the New Atlantis series: What a fantastic series! Sobre el primero de ellos, un libro, titulado: Los esenios, Qumrán, Juan Bautista y Jesús de Hartmut Stegemann (1), me aclaró bastante el personaje, pero me quedan varias dudas sobre el mismo.
