

Where Their Hearts Collide: Sexy Small Town Romance (Wardham Book 2)

When the girl next door meets the man of her dreams, at exactly the wrong time. Karens finally decided what she wants to do when she grows up. (So what if shes thirty-four? Better late than never). Too bad itll mean leaving behind her new neighbour, whos stirred up a different kind of grown up feelings. But when he rebuffs her attempt to have a fling before she leaves Wardham, Karen knows its for the best. Intense and private, Paul has recently moved to Wardham for a more family friendly job, leaving behind a career as a homicide detective in the city. He only has his ten year old daughter a few nights a week, and he doesnt want any distractions or drama while he tries to repair their relationship. But Karen is right next door, and everywhere he goes. His resolve to keep his distance only lasts until she needs a true friend in her corner, and he realizes he cant imagine life without her.
