

## Her Fathers Daughter (Xist Classics)

A Fascinating Look at Anti-Asian Bias in the 1920s While Gene Stratton-Porter is known best for her portrayals of nature in novels like *The Girl of the Limberlost*, *Her Fathers Daughter* is a departure from her heartwarming works that are still enjoyed by many readers today. In this novel, a young woman struggles to find her place in society in a story that is overwhelmed by white supremacist rhetoric. Set in California during the 1920s, this book makes an excellent launching point for a discussion of historical racism and how a community's views can change over time. This Xist Classics edition has been professionally formatted for e-readers with a linked table of contents. This ebook also contains a bonus book club leadership guide and discussion questions. We hope you'll share this book with your friends, neighbors and colleagues and can't wait to hear what you have to say about it. Xist Publishing is a digital-first publisher. Xist Publishing creates books for the touchscreen generation and is dedicated to helping everyone develop a lifetime love of reading, no matter what form it takes.
