

The Empire of Cnut the Great: Conquest and the Consolidation of Power in Northern Europe in the Early Eleventh Century (Northern World)

The reign of King Cnut the Great (1016-1035) marks a pivotal point in the history of both England and Scandinavia, yet his conquests and his consolidation of power remain under-appreciated and rarely studied. Almost all existing scholarship has been geographically centred on either England or Scandinavia. However, this study, through a series of studies of individual aspects of his rise to power in those regions, seeks to encompass his entire dominion, and cast new light on our understanding of the nature of this political unit and contemporary figures' conceptions of it. The result is a fresh impression of a number of aspects of Cnut's rise to power as well as a new interpretation of this empire.

Sobre el primero de ellos, un libro, titulado: Los esenios, Qumrán, Juan Bautista y Jesús de Hartmut Stegemann (1), me aclaró bastante el personaje, pero me quedan varias dudas sobre el mismo. Continuar leyendo Presentación de AGEA VALENCIA Hoja de Presentación de AGEA VALENCIA LA MENTALIDAD HIDALGA EN INDIAS Los españoles emigrados a América tenían un extraordinario interés en mantener las tradiciones y costumbres heredadas de sus antepasados. Cuando éstos pertenecían a la nobleza, era aún mayor el empeño por conservar esa condición de nobles hidalgos, y acreditarla debidamente mediante documentos, que la justificaran, para así transmitirlo a sus descendientes.
